

PALAZZO RETRACTABLE SUNROOF SYSTEM

Viva Sunscreens automated Palazzo Retractable Sunroof System uses exciting technology to open up a whole new world of relaxation and comfort. Whether it is integrated into a conservatory roof or fixed glass awning or installed externally in its own right, the Palazzo Retractable Sunroof System provides you with the flexibility to control the variable balance between sunlight and shade.

- ▶ The patented return motion spring assembly system intelligently matches spring tension to the size of the fabric, this guarantees constant fabric tension is maintained through the fabric at all times.
- ▶ Components are manufactured from drop-forged aluminium, 6061 extruded aluminium and marine grade 316 stainless steel fixings, all with a superior double baked enamel powder coat finish.
- ▶ Viva Sunscreens range of quality textiles presents the ultimate balance between visibility and light transmission control whilst providing incomparable weather resistance and ease of maintenance.
- ▶ The Palazzo Sunroof System utilises the latest German engineering techniques and is ISO 9001 safety tested by German TUV (Product Safety Certification).  MADE IN GERMANY
