

VIZARRI RETRACTABLE ROOF SYSTEM

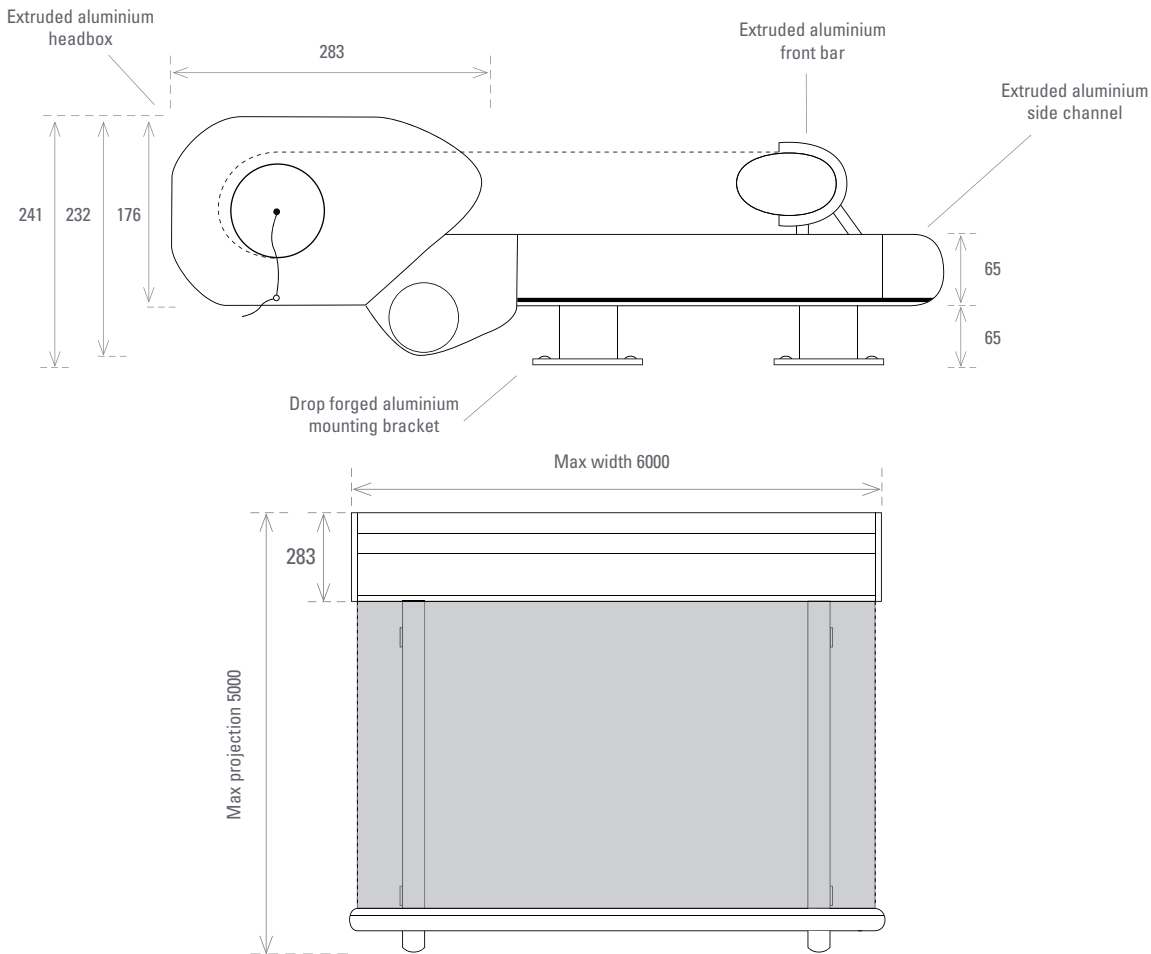

Manufacturing innovative retractable roof systems is our passion, that's why the Vizarrì delivers unmatched refinement and design flexibility. Such refinement makes the Vizarrì the unique choice.

- ▶ Large areas are efficiently covered thanks to the unparalleled lateral stability and constant fabric tension achieved through the V-guide tracking system that is exclusive to this system.
- ▶ Architecturally designed the stylishly shaped cassette provides the fabric and components with complete protection from sun, humidity and inclement weather conditions while the system is not in use.
- ▶ All components are manufactured from drop-forged aluminium, 6061 extruded aluminium, marine grade 316 stainless steel fixings, and a superior double baked enamel powder coat finish.
- ▶ Our textiles offer the very best compromise between visibility and light transmission while providing incomparable weather resistance and ease of maintenance.
- ▶ The Vizarrì Retractable Roof System utilises the latest German Engineering techniques and is ISO 9001 safety tested by German TUV (Product Safety Certification).  MADE IN GERMANY

VIZARRI RETRACTABLE ROOF SYSTEM SPECIFICATIONS

Please note illustrations are not to scale. All measurements are in millimetres. Please contact your Viva Sunscreens representative for additional information.

SIZES				
WIDTH	Min 1350mm Max 6000mm			
PROJECTION	Min 1250mm Max 5000mm			
COLOURS				
STANDARD	White/White Aluminium/Black			
OPTIONAL	3 standard colours 300 colours available in the European RAL Powder Coat Range			
OPERATION				
ELECTRICAL	Remote operation. Optional - wind, sun, rain sensors and timer or interface with BMS			
SIDE CHANNELS				
MATERIAL	Powder coated 6061 grade extruded aluminium with Kevlar belt drive mechanism within channel			
HEAD BOX				
MATERIAL	Powder coated 6061 extruded aluminium			
SIZE	176mm x 283mm (241mm overall height)			
TOP ROLLER				
MATERIAL	Heavy-duty galvanised roller tube			
DIAMETER	85mm			
FRONT BAR				
MATERIAL	Powder coated 6061 extruded aluminium			
SIZE	85mm x 60mm			
MOUNTING BRACKETS				
MATERIAL	Forged aluminium and stainless steel allen key connections			
FABRIC				
MARINE GRADE ACRYLIC SUNSCREEN MESH	100% dope dyed acrylic "Sunacrylic" fibre - Orchestra, Symphony, Opera ranges are available High tenacity polyester core yarn sunscreen - Oxygen S5 (5% openness) S15 (%15 openness) ranges
