

VIVA SHADE CARE SERVICES

Viva Shade Care Services is a new initiative, developed to specialise in cleaning and preventative maintenance of external shading devices. All our clients now have the assurance their initial investment will perform and present to initial design intent.

- ▶ We formulate and execute specialised programmes, to help raise our clients profile and to meet their objectives towards the environment. In addition, we guarantee their initial investment performs and presents for the complete life-cycle of the product.
- ▶ Our quality process assures our customers that we meet the highest standards of quality, and are committed to health and safety. Our management is committed to ensuring that our environmental compliance is achieved through the implementation of sustainable cleaning initiatives.
- ▶ Our process begins from initial customer contact where we establish our customer's requirements; this is then followed by a quotation, proposal submission and a scope of works agreement. Our project manager will arrange implementation through to sign off.
- ▶ We pride ourselves on our ability to create and build memorable results. Many high profile Australian retail and hospitality sites enjoy our services including: East Circular Quay Precinct, Cockle Bay Wharf, King Street Wharf, Fox Studios and Sydney Harbour Foreshore Authority (SHIFA).
